These days may vary month to month.**

My child will attend: ____ Before Care (opens at 6:50 am) ____ After Care (6:00 pm latest pickup time)

Children attending day care and pre-K through 12th grade in New York State must receive all required doses of vaccines on the recommended schedule in order to attend or remain in school. This includes all public, private, and religious schools. A medical exemption is allowed when a child has a medical condition that prevents them from receiving a vaccine. There are no nonmedical exemptions to school vaccine requirements in NYS. Children in a prekindergarten setting should be age-appropriately immunized. The number of doses depends on the schedule recommended by the Advisory Committee on Immunization Practices (ACIP). Intervals between doses of vaccine should be in accordance with the ACIP-recommended immunization schedule for persons 0 through 18 years of age. Doses received before the minimum age or intervals are not valid and do not count toward the number of doses.

**PLEASE ATTACH A COPY OF YOUR CHILD'S MOST RECENT
MEDICAL EXAM AND IMMUNIZATION RECORDS.**
